GUARANTEE

ASP baths are manufactured using 'PERSPEX' crossed linked acrylic and are then adequately reinforced with GRP (Fiberglass Resin).

Baths and Shower Trays.....

We guarantee our baths and trays for a period of **10years** from date of purchase against material faults or faulty manufacture. We undertake at our discretion to repair free of charge, or to pass credit, or to replace any such goods which are of faulty manufacture which effects the performance or appearance of the product.

We offer this guarantee, provided the following criteria are met:

- The product was unwrapped, the protective foil/film was removed and the unit was completely inspected for faults prior to installation. (We will not be held liable for installation and removal costs where the proper inspection prior to installation was not carried out.)
- The product was properly cared for, cleaning instructions were followed and the product was not abused in any way.
- The product was not damaged by incorrect handling, dispatching or transporting.
- The product was not damaged by using chemicals harmful to the cell cast acrylic.
- The product was correctly installed to our specifications.

Jetted Bath Conversions.....

The baths we use for conversions are guaranteed under the same conditions as our baths and shower trays for the same period of **10years**.

The other components such and pump system, plumbing and jets are guaranteed for a period of **12months**.

We further guarantee that our jetted bath conversions have been built using the components from reputable suppliers and that our workmen are trained to produce a quality product.
